### → LETTER FROM THE CEO

## FRIENDS OF PELOTONIA,

I am thrilled to share the 2025 Pelotonia Impact Report and the results of an unforgettable year for this community.

What you accomplished together in 2025 is nothing short of remarkable. It was a record-breaking year defined by action, generosity, and a shared belief that progress against cancer is possible when people come together with purpose.

This Impact Report highlights what that collective effort makes possible. Because of you, innovative cancer research is moving faster, new ideas are gaining momentum, and scientists and clinicians at The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute are advancing work that is changing and saving lives. Every mile, every dollar, and every moment of commitment contributes to real progress for cancer patients and families.

Thank you for your passion, dedication, and belief in what we can achieve together. I hope this report fills you with pride and excitement for what lies ahead as we continue moving forward together toward Ending Cancer.

We proved what's possible in 2025. Now let's build on it and make an even greater impact in 2026!

With deep gratitude,

**Joe Apgar**  
CHIEF EXECUTIVE OFFICER
